Attachments: Congressional AL-20-000-1165.pdf

All – I wanted to share with you the attached congressional inquiry regarding the Vogel Paint site in Orange City, IA. Region 7 would like to have a discussion with you next week to discuss a few of the technical/policy aspects brought up in the inquiry – specifically EPA's policy/practices on sharing draft Five Year Review Reports with PRPs and then of course the groundwater point of compliance issue.

I will send a separate email with a link to the latest Five Year Review for Vogel Paint which is referenced frequently in the inquiry. In that email I will also attach files of the GW ROD and ESDs.

Thank You,

Lynn M Juett

Chief, Remediation Branch
Superfund and Emergency Management Division
US EPA Region 7
